NOTE: Because wall surfaces differ, the necessary hardware for mounting the unit to the wall has not been supplied.

CAUTION: Use only appropriate and securely-fastened mounting bolts for mounting the unit to a wall. The combined weight of the LB1000/LB1012/LB1000DC lock box, LB1000MT, and an average VCR can easily exceed 60 pounds (27.18 kg).

When properly installed, the LB1000MT provides a 16-inch spread to the mounting hole pattern, allowing for the brackets to be securely mounted to standard wall studs.
